Demo/Initial Handheld Setup Requirements

Company Name:_____   **Contact:**_____

Address (Ship to):_____   **Phone:**_____

_____   **Email:**_____

Primary Purpose of Handheld (*Check all that apply*):

- ☐ Block Tally
- ☐ Chain Tally (Green)
- ☐ Chain Tally (KD)
- ☐ End Tally
- ☐ Kiln Loading/Unloading/Scanning
- ☐ Barcoded Tag Printing
- ☐ Layer and/or Avg Width Bundle Estimates
- ☐ Inventory Reconciliation
- ☐ Receiving Purchase Loads
- ☐ Shipping Loads
- ☐ Other (*explain*):_____ _____

Please provide the following:

- Species List :*Species names* (Hard Maple), *Short Name/Abbreviation* (HMA)
- Grade List: *Grade Name* (1 COM), *Short Name/Abbreviation* (1C), *Sort Order* (3)
- Thickness List: *Thickness* (4/4), *Short Name/Abbreviation* (4*), Calculation Factor* (1.0)
- Length: *Length Ranges* (7'-8', 8', 9'-10'), *Short Name/Abbreviation* (78, 8, 910)

**Abbreviations should be short and are used for key entry of attributes on the handheld, so using numeric values is often optimal (Avoid special characters like spaces, asterisks, /,\, @,#, etc) although key driven popup lists are also easy to access and use if you prefer letters in your abbreviations. Typically, species abbreviations are all letters, and grade Abbreviations Contain numbers and Letters.

Printing Directly from Handheld (or Download to Inventory System):

- ☐ Yes   Brand/Model of Printer:_____

- ☐ No   Current Inventory System Name/Company_____

If *Yes* please list the brand/model of printers you have available and note if any have IRDA (Infra Red) ports, Bluetooth, Network Connections*, or Wireless

_____

_____

*If the printer is on the *network*, please provide the IP address of the printer _____

You will need to be able to connect to the network if you have a network printer. If you do not have wireless connection, you will need to have a place to plug the handheld into the network. If you do have wireless, you will need to have the password to the wireless available. If the printer is Bluetooth or IR capable, have it available near the phone for setup. If you do not have any of these and still want to print, you will need to speak with us about purchasing one of these types of printers or using one of our demo printers if available.

<u>Chain Tally Only</u>

Grade Key Setup Options:

1) Do you assign a single key to represent a grade (Even when you have the same grade in multiple loads at the same time), please identify which keys you assign to each Grade:

Grade   Key

_____   _____

_____   _____

_____   _____

_____   _____

_____   _____

_____   _____

_____   _____

_____   _____

_____   _____

_____   _____

2) Do you assign the keys for a specific Load/Grade/Thickness combination (for instance, when 2 loads have 1 common in it, you use 1 for the first load and 7 for the second load).

Demo Period (Invoice will be sent at the expiration of the time period):
